RESPONSE TO NOTICE OF NON-COMPLIANT AMENDMENT

Dear Sir:

In response to the Notice of Non-Compliant Amendment dated August 25, 2005, the Inventors file this timely Response to said Notice.

The Examiner pointed out that the listing of the claims did not include the text of all pending claims (including the claims withdrawn per the Examiner's Request for selection of species, traversed by the Inventors). The Examiner also pointed out that each claim had not been provided with the proper status identifier.

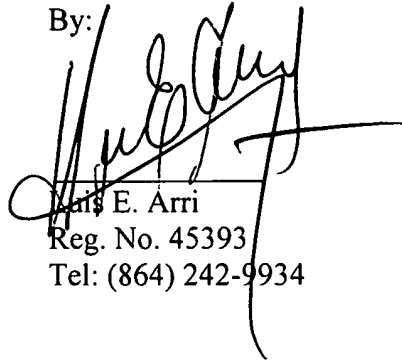

The Inventors apologized for their oversight and thank the Examiner for pointing out their error and allowing for its cure. The Inventors include herein a complete listing of the pending claims (including the withdrawn claims) with an indication of their status.

The Inventors respectfully request the Examiner to replace the appropriate erroneous section with the attached corrected section.

To expedite the prosecution of this Application, the undersigned attorney respectfully request the Examiner to call him to the telephone number below should the Examiner have any additional questions.

Respectfully yours,
